### Comments to improve course

(PHI 1700) Really enjoyed this class, despite the fact I hate philosophy. I think it was taught by Professor Jen in a really relatable, real world way. Loved the printed hand outs, that cut everything up into little bite size bits of info, which definitely made things so much easier to comprehend. The RRs made me really think of the writings analytically, on my own time which also helped in understand. Plus, the professor was super sweet and helpful, didn't give off a snooty attitude a lot of professors have. Really approachable. Liked the class a lot, no complaints!

(PHI 1700) There are moments where I felt many dozed off. I feel that there should be more videos as one student did point out. Simply lecturing in Philosophy can get boring at times. There should ideally be different ways in which material should be thought/presented.

(PHI 1700) One of my best Professor's of the semester. I would definitely recommend taking this professor again.

(PHI 1700) Great Professor with full command over her subject. Very decent and soft spoken.

(PHI 1700) Great Erhics class, presented in such an introspective way that kept me hooked and engaged the entire semester.
